Moved B. Shelley (QCCC) and seconded A. Jones (BVAC) that the Report be received (Carried).

Reports:

Queensland Transport: A meeting with QT is to be arranged to discuss current issues.

AHMF: J. Scott (LAMA) reported that informal information had been received that the use of passbooks for leaded petrol would continue for another 12 months

Public Liability Insurance: There are now 58 clubs involved with several more expressing interest.

General Business:

1. The CC Rally - Sth Burnett Club was planning but there was a problem with space for evening functions. J. Scott (LAMA) moved and T. Lewis (CAR) seconded that the usual CC contribution of \$500 be sent to the club. It was pointed out that the rally did not appear on the calendar of events. Tom Lewis will rectify this. A. Budworth (ABCCC) reported that the RACQ Cairns/Brisbane Pied Piper Run was going ahead although there were some restrictions placed on cars by the Police (Minimum speed 80kmh, permission of local Inspector). Interstate cars would have to commence from border only.
2. M. Black (IVVC) reported that his Club has not received the January Minutes (The Secretary reported that they were sent so maybe problem with Aust. Post. Other delegates reported on recent mail problems/delays). Secondly M. Black was concerned that a letter written to CC had not been replied to. The Secretary consulted the records and reported the letter had been read in correspondence and according to the Minutes M. Black had spoken on the issues raised, and that Executive was considering these issues but no reply seemed necessary. Finally a copy of the CC Constitution was requested. The Secretary to send same.
3. A submission had been received from Sunshine Coast Club regarding a petition to Parliament on reducing SIVS costs. The Executive had considered the submission but thought the current petition was unsuitable so suggested a sub-committee be formed to rewrite it and consider further action. There were no volunteers prepared to form such a committee. Considerable discussion ensued on SIVS costs. It was suggested we are already better off than other States even though it costs more and B. Martin reported that in fact rego had fallen a further \$3 because of CTP reductions. It was moved B. Shelley (QCCC) and seconded G. Harch (HMCCQ) that Combined Council do not proceed with the petition and leave any other action on this issue in abeyance for the time being. (CARRIED)
4. A question was raised on whether QT inspected vehicles on registration to certify VIN. B. Martin reported that inspection was only done when computer records failed to match numbers given. Other delegates reported that at some centres random checks were done.
5. C. Stevens (CAR) reminded delegates of Bangalow Billygoat Derby Rally - May 14/15 and the Tasmanian Tour 2006. Information from Christine at info@fueltankrepairsservice.com

6. T. Lewis reported that an amended calendar of events would be distributed with the Minutes.
